

STL

C++'s Standard Containers Library

Matthew Barulic

RoboJackets Spring Trainin Series Georgia Tech

February 13, 2018

Today's Plan

- Introduce the STL
- Understand cppreference.com
- Review common containers
- Review common algorithms
- A few miscellaneous bits

Brief History

- 1979 - C++ Invented
- 1992 - STL Created
- 1998 - First Standardization

Standard Template Library

- Containers
- Iterators
- Algorithms
- Function Objects

Algorithms \rightarrow Iterators \rightarrow Containers
